Brief Description of Arguments to be Presented:

The Applicants respectfully thank the Examiner for agreeing to interview this matter. With respect to the Rejection under 35 U.S.C. §101, the Applicants wish to discuss with the Examiner how the Applicants should amend the independent claims 1, 14 and 22 such that the Examiner believes the claims recite functional descriptive material and not a computer program per se.

An interview was conducted on the above-identified application on _____.
NOTE: This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP § 713.01).

Continuation of Brief Description of Arguments to be Presented:

The Applicants respectfully submit that the Applicants believe that claims 1 and 14 are not computer programs per se, but that the Applicants would consider and provide to the Examiner some proposed amendments to the independent 22.

Furthermore, the Applicants wish to respectfully point out that while the Examiner indicated that claim 10 was also being rejected, that the Examiner provided no basis for rejection of the same. With respect to the Rejection under 35 U.S.C. §103 the Applicants wish to discuss the Independent claim 1 in light of the Bianco and Miyamoto references. The Applicants wish to discuss the system and method of the present application, and suggest to the Examiner possible claim amendments to distinguish over these cited references. Again, the Applicants respectfully thank the Examiner for his time attention in this matter.
